### **Dedication**

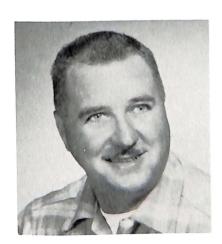

The Yearbook staff dedicates this 1959 La Mezcla to Mrs. Virginia Arvin. As school nurse she is never too busy to take care of our aches and pains; as attendance officer her little Ford travels untold miles tracking down missing students; as a friend and trusted confident she is always willing to listen to our personal problems.

She sometimes scares the Freshmen, but soon becomes "Ma" to all of us. "Ma" Arvin's office is one of the most popular meeting places in the school.

The governing body for the school district is a hard-working group of concerned citizens from town and country who give long hours to planning for the educational welfare of over one-thousand students at Armijo. This year has seen them over the hump in the construction of the new school plant and even now the Board is laying plans toward a second high school. The establishment of school policy and securing personnel are part of the Board's responsibility.

# A Message to the Graduates from C. Eugene Smith Principal

To the graduates of the class of 1959 I extend my heartiest congratulations for a job well done. Some of you will continue your formal education at colleges and universities, others will take positions of employment, and still others will take up home responsibilities.

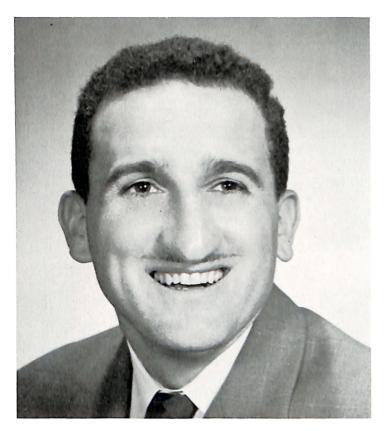

For all, however, knowledge will continue to be one of the most important ingredients for your success in today's world and in the world of tomorrow, and will become even more important as scientific and technical advances become manifest in the everyday work and life of mankind.

With my sincere congratulations for the completion of this milestone along the way, I remind you of the challenge to continue your education at home, at school, or on the job, because your success and happiness in the days that lie ahead will depend to a great extent on the decisions you make now.

My best wishes go to each of you for a happy and successful journey into the future.

C. Eugene Smith

#### Class of 1959

The "Best Years of Our Lives" began in September, 1955, when we dropped from high and mighty eighth graders to lowly freshmen at Armijo High School. Remember all the crazy stunts we were put through in order to become full-fledged members of the student body? Dancing the can-can on the front steps...shining seniors' shoes...pushing cars around the block...playing ring-around-therosy on the front lawn.

For the first time we heard our new

At the end of our freshman year, Mr. Spohn, our popular science teacher, retired after 32 years of teaching, but this wasn't the last we saw of him around our Armijo campus!

# Upper House

The student council is the body which conducts student government. It consists of an upper house composed of the class officers and the student body president and secretary; and a lower house composed of representatives from each social science class. The student body vice president is the presiding officer of the Lower House. This bicameral legislative system is fashioned after our national and state government's legislatures.

Both "Houses" discuss school problems and pass legislation for the betterment of Armijo.

MEMBERS: John Freitas, Joan De Vera, Beverly Hoover, Jim Sell, Verna Hawley, Lorraine Pretel, Gary Vaughn, Bob Uchishiba, Doris Lee, Jim Reef, Ed Imboden, Kay Huff, Tom Browning, Tony Salcido, Frances Trammel, Larry Santaella, JoAnne Simonds, Beverly Lozano.

FRONT ROW: Left to Right; Dana Flynt, Shari Rains, Secretary; Diane Hopkins, Doris Lee, Vicki Bird. SECOND ROW: John Freitas, George Slater, Rex Fogleman, Arlan Hinchee, Fall

Semester Chairman; Jay Tomasini, Dan Lippstreu, Spring Semester Chairman.

The Student Social Committee is the Judicial Branch of our student body government. The vice president is the chairman and the "judges" are four seniors and four juniors chosen from a list of applicants at the beginning of their junior year. Their scholastic ability and social participation in school activities are considered, and Mr. Smith, Mr. Vecchione, and the senior members of the committee make the selection. The Committee meets frequently throughout the year to try offenders of school laws. A first offense is met by a lecture from the "judges." A second offense is subject to punishment and a third offense means possible suspension. A very good record is held, because a second offense has never been brought before the court. Anyone can issue a citation and should turn it in to Mr. Tracas or the student body vice president.

#### Art Club

Armijo's artists have many projects in the art field including the Christmas time decorations around school. Each Spring this group takes a trip to see the winners of the Scholastic Arts Awards at the Emporium in San Francisco.

Also included in this organization are the Police Cadets. Their purpose is to aid the law enforcement authorities of Fairfield in controlling pedestrian and vehicular traffic during the school day.

They are called on to perform for various events including rallies, special assemblies, parades, P. T. S. A., and an annual Spring Concert put on for the public. Within this group is a pep band, directed by a student leader, which livens the spirit at all home basketball games. The director and advisor is Mr. Robert Briggs.

This organization is composed of student body officers, class presidents, yell leaders, pep girls and other members appointed by the student body president. Its purpose is to strengthen school spirit and good sportsmanship. All rallies and rooting sections are organized by this committee.

Class competition took a new turn this year because of the large enrollment in the lower classes; Freshmen were allowed to join the Seniors, and Sophomores united with Juniors to even out both numbers and experience for the competitions. Besides the usual rally stunts provided by clubs and organizations, the classes turned up in mass color effects with special yells and even some card tricks and fancy hats.
